The approval has been accorded subject to fulfillment of the Norms and Standards of the Council and also the conditions as enlisted below if any, for the courses and intake approved above.

The increase in intake is not recommended in Electronics & Commn. Engg. and Mechanical Engg. due to the following reasons:

- Being a Government Aided Institution, increase in intake in the Aided Courses, viz., Electronics & Commn. Engg. & Mechanical Engg. from 50 to 60 each has not obtained the approval from Government. Hence, not recommended.

Further, the approval accorded is subject to fulfillment of the following general conditions:

- ❖ The Institution shall fulfill all the conditions, if any, within three months from issue of this letter. Non-fulfillment will lead to withdrawal of approval without the need of any more opportunity, as the institution is well aware of the deficiencies.
