

I am a R.S.Venkatachalam (wizaard system Coimbatore) student of 83 - 86 batch. This college has laid a strong foundation for my knowledge in technology. My professors were great in sharing their knowledge with us. This college has taught me about hard work, perseverance and endurance. I am very proud to be an alumnus of this college and whatever I am today I will owe it to my college

SRIDHAR. K.S.

Designation: Associate IT Director

Company: Aimmune Therapeutics (A Nestle Health Science Company)

Home Address: 4652 Lone Star Way, Tracy, California, USA 95377

Work Address: 8000 Marina Blvd., Suite 300, Brisbane, California, USA 94005

SIT's Electronics and Communication department is an efficient, self-contained, and quality conscious entity with motive to producing the energetic, professionally competent Electronic Engineers. The department is very well organized with Qualified and Industrious faculties and highly skilled technical staffs who helps to bring the best from every student. Nonetheless, the lab facilities always has the latest equipment's which allows students to gain knowledge on electronic devices.

Prasanna Venkatesh G

Designation: VP, Technology Infrastructure, Citicorp.

I'm a proud alumnus of SPC College, studied ECE during 1995-1998.

It's been more than 2 decades now but I still remember and cherish those golden days.

Though the campus is on rural side, it is on par (or above) in terms of Infrastructure or other facilities that a college campus within a City limits can have. Truly grateful to SPC college and my ECE department HOD, Professors, Lab staff for their extreme care towards the students beyond the syllabus & academic curriculum. Industrial Visits, In plant trainings, Periodic sessions & seminars with Alumni's, Industrialists & Entrepreneurs, Soft skill trainings etc., are few initiatives to mention surely helping the students for a seamless switch-over from Campus to Corporate world when they are done with their academics.

Name: P. Bharanitharan

Batch: ECE 2004

Company: IBM

Designation: Technical Solution Architect

I studied ECE in 2004 batch and my overall experience in Sakthi Polytechnic has been amazing, and the college is having an amazing infrastructure in Computer LB, Electronics & Communication LAB. Your college has provided me with a number of opportunities to grow and explore my skills like Cisco Networking course. The emphasis on additional skills along with education always helped me a lot. I have always found a positive and healthy environment and the teachers are highly supportive in all manners. Most of my doubts were cleared after the classes get over and supported in all project works. I am highly thankful to Sakthi Polytechnic College for providing me with an opportunity to be a part of your college. It has added a number of values to my life.

Senthil Raja Ramasamy

Principal Engineer/Vice President, U.S. Bank.

Atlanta, United States of America.

The constant support, guidance, and motivation from the staff, professors, HOD, and principal have made it possible for me to complete the course and pursue higher studies. During the tenure, the college ensures we get real-world experience by arranging Internships in Industries. College's positive environment and support made students like me thrive in career and life. I would highly recommend SPC college to my friends and family.
